| Energy performance certificate (EPC) | | | |
|--|---------------|------------------------|------------------------------|
| 63 CRANMORE PARK BELFAST BT9 6JG | Energy rating | Valid until: | 14 April 2032 |
| | | Certificate number: | 3400-7502-7102-0094- 8306 |
| Property type | | Detached house | |
| Total floor area | | 249 square metres | |

Energy rating and score

This property's energy rating is E. It has the potential to be D.

<u>See how to improve this property's energy efficiency</u>.

| Score | Energy rating | Current | Potential |
|-------|---------------|---------|-----------|
| 92+ | Α | | |
| 81-91 | B | | |
| 69-80 | C | | |
| 55-68 | D | | 64 D |
| 39-54 | E | 45 E | |
| 21-38 | F | | |
| 1-20 | G | | |

The graph shows this property's current and potential energy rating.

Properties get a rating from A (best) to G (worst) and a score. The better the rating and score, the lower your energy bills are likely to be.

For properties in Northern Ireland:

the average energy rating is D the average energy score is 60

Breakdown of property's energy performance

Features in this property

Features get a rating from very good to very poor, based on how energy efficient they are. Ratings are not based on how well features work or their condition.

Assumed ratings are based on the property's age and type. They are used for features the assessor could not inspect.

| Feature | Description | Rating |
|----------------------|---|-----------|
| Wall | Cavity wall, as built, partial insulation (assumed) | Average |
| Roof | Pitched, limited insulation (assumed) | Poor |
| Window | Fully double glazed | Average |
| Main heating | Boiler and radiators, oil | Poor |
| Main heating control | Programmer, room thermostat and TRVs | Good |
| Hot water | From main system | Poor |
| Lighting | Low energy lighting in all fixed outlets | Very good |
| Floor | Solid, no insulation (assumed) | N/A |
| Secondary heating | None | N/A |

Primary energy use

The primary energy use for this property per year is 218 kilowatt hours per square metre (kWh/m2).

Additional information

Additional information about this property:

Cavity fill is recommended

How this affects your energy bills

An average household would need to spend £2,322 per year on heating, hot water and lighting in this property. These costs usually make up the majority of your energy bills.

You could **save £790 per year** if you complete the suggested steps for improving this property's energy rating.

This is **based on average costs in 2022** when this EPC was created. People living at the property may use different amounts of energy for heating, hot water and lighting.

| Impact on the envir | onment | This property produces | 14.4 tonnes of CO2 | |
|---|-----------------|---|--------------------|--|
| This property's environmen F. It has the potential to be | | This property's potential production | 9.3 tonnes of CO2 | |
| Properties get a rating from A (best) to G (worst) on how much carbon dioxide (CO2) they produce each year. | | You could improve this property's CO2 emissions by making the suggested changes. This will help to protect the environment. | | |
| Carbon emissions | | These ratings are based about average occupancy | y and energy use. | |
| An average household produces | 6 tonnes of CO2 | People living at the property may use diffe amounts of energy. | | |

Changes you could make

| Step | Typical installation cost | Typical yearly saving |
|------------------------------|---------------------------|-----------------------|
| 1. Cavity wall insulation | £500 - £1,500 | £354 |
| 2. Draught proofing | £80 - £120 | £20 |
| 3. Condensing boiler | £2,200 - £3,000 | £414 |
| 4. Solar water heating | £4,000 - £6,000 | £51 |
| 5. Solar photovoltaic panels | £3,500 - £5,500 | £316 |

Help paying for energy improvements

You might be able to get a grant from the <u>Boiler Upgrade Scheme (https://www.gov.uk/apply-boiler-upgrade-scheme)</u>. This will help you buy a more efficient, low carbon heating system for this property.

Who to contact about this certificate

Contacting the assessor

If you're unhappy about your property's energy assessment or certificate, you can complain to the assessor who created it.

| Assessor's name | Conor Dolan |
|-----------------|---------------------------|
| Telephone | 07706265330 |
| Email | conor.dolan27@hotmail.com |

Contacting the accreditation scheme

If you're still unhappy after contacting the assessor, you should contact the assessor's accreditation scheme.

| Accreditation scheme | Quidos Limited | |
|----------------------|-------------------|--|
| Assessor's ID | QUID203869 | |
| Telephone | 01225 667 570 | |
| Email | info@quidos.co.uk | |
